

# CALL FOR ABSTRACTS

## CONFERENCE 2019

The **30th** Annual International  
**SICOMP CONFERENCE**  
on Manufacturing and Design  
of Composites

June 3-4, 2019  
Trollhättan, Sweden

### WELCOME TO TROLLHÄTTAN

We are pleased to invite you to the 30th SICOMP Conference, which in 2019 also celebrates three decades of this annual composites event.

Thanks to our close cooperation with GKN Aerospace Sweden, the conference will be held in Trollhättan. The conference venue is NOVA, located in the same area as Innovatum Science Centre and close to hotel facilities.

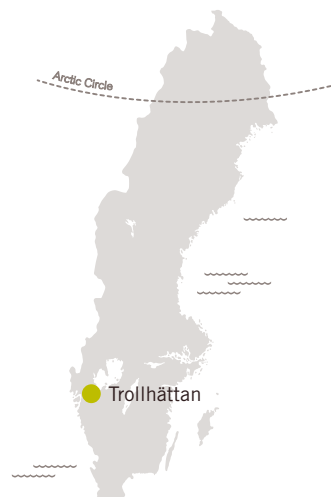

For 30 years the SICOMP Conference has been a global forum with participants mainly from the Nordic and European composites industry, material suppliers, academia and research organisations. This calls for celebration!

Now, as part of RISE Research Institutes of Sweden, we see new and broader opportunities for composites research and development, something that will be evident at the conference.

While visiting the SICOMP Conference, may we also suggest that you take the opportunity to explore Trollhättan and the surrounding area, perhaps including a visit to Trollhättan's waterfalls and locks. Other places of interest are the Saab Car Museum and Innovatum – one of Sweden's largest science centres with many interactive exhibits and hands-on activities.

We look forward to receiving your abstract and seeing you at the conference.

**Bengt Wälivaara**  
Managing Director

### PROGRAMME

#### The conference offers:

- Two days of interesting lectures
- Conference dinner
- Poster session
- A meeting place for the composites industry and academia

### CONFERENCE TOPICS

#### The conference will have the following topics:

- General session on the main theme "Manufacturing and Design of Composites"
- Composites in automotive and aeronautics
  - Digitalisation
  - Automated processes
  - Hybrid structures

### CALL FOR ABSTRACTS

We invite you to submit an abstract to the 30th SICOMP Conference. The abstract should be 1-2 pages in Microsoft Word format. Presentations and all written material will be in English.

### INVITED SPEAKERS

Internationally renowned speakers are invited to the 30th SICOMP Conference to present current research and development activities. Already confirmed speakers include:

**Pia Sandvik**, CEO, RISE Research Institutes of Sweden

**Henrik Runnemalm**, Head of Engine Technology, GKN Aerospace

**Lisa Åbom**, CTO, Saab Aeronautics

**Anders Holmberg**, Manager Research and Development, ABB AB/Composites

**RI  
SE**

**30** YEAR ANNIVERSARY  
**SICOMP**  
**CONFERENCE**  
ON MANUFACTURING AND DESIGN OF COMPOSITES

## TABLE TOP

A table top display will be organised in connection to the conference and refreshments area. Organisations interested in participation should indicate this to the organising committee. The exhibitor fee is SEK 1.600 incl. VAT and includes a table of 1x2m during the two conference days.

## IMPORTANT DATES

Abstract deadline: January 18, 2019  
Final programme: March 15, 2019  
SICOMP Conference: June 3-4, 2019

## CONFERENCE INFORMATION

### Location/accommodation

The conference venue is NOVA in the Innovatum area on Åkerssjövägen 10 in Trollhättan. Accommodation is available at Clarion Collection Hotel Kung Oscar and Scandic Swania.

### Conference fee

Full SEK 6.000 incl. VAT  
Student SEK 3.600 incl. VAT

### Further information

Abstracts, table top enquiries and questions about the conference should be addressed to the organising committee via:

Lena Nilsson | lena.e.nilsson@ri.se  
Phone: +46 (0)911 744 02
