## RISE Research Institutes of Sweden

RISE is the Swedish Research Institute and innovation partner. In international collaboration with industry, academia and the public sector, we ensure the competitiveness of the business community and contribute to a sustainable society. Our 2 700 employees support and promote all manner of innovative processes. RISE is an independent, state-owned research institute that offers unique expertise and about 100 testbeds and demonstration facilities, instrumental in future-proofing technologies, products and services. *Nordic Wood Biorefinery Conference – the leading event where research and industry meet to discuss recent wood-based biorefinery developments*

NWBC is organized since 2008 by RISE Research Institutes of Sweden and VTT Technical Research Centre of Finland

Media Partner:

# The 9<sup>th</sup> Nordic Wood Biorefinery Conference

24-26 March 2020

Stockholm, Sweden

Invitation to submit suggestions for presentations to the 9th Nordic Wood Biorefinery Conference – the leading event where research and industry meet to discuss recent wood-based biorefinery developments. NWBC gathers expert speakers from the chemical, energy and pulp & paper industry, as well as recognized representatives from the global research community. NWBC 2020 will cover new research results and industrial experience related to biorefineries based on wood and/or on pulp mills:

- Biorefinery systems and processes.
- Biorefinery products: chemicals, materials and fuels.
- Apart from technical/scientific process/product subjects, the following aspects will also be addressed:
  - Economy and sustainability issues
  - Societal needs
  - Regional initiatives

## Deadlines for abstracts

Oral presentations: 2 September 2019

Posters: 4 November 2019

## Research student opportunities

Two different awards are announced for research student (or young researcher) presentations: the Troëdsson Foundation Paper Engineering Travel Grant and the Johan Gullichsen Award. In addition, research students/young scientists that get a presentation accepted can apply for no-fee participation and/or payed travel costs.

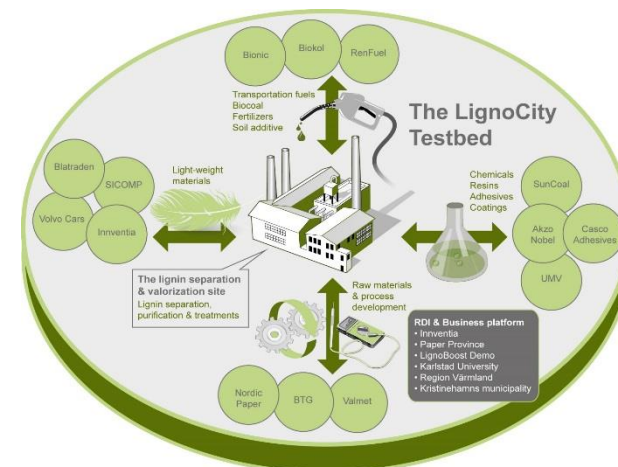

## Evening Events

- Open house at RISE with lab tours  
23 March
- Conference dinner at the Nobel Prize Museum in Stockholm's Old Town
- More to be announced

## Visit to LignoCity

An optional site visit is planned on March 27, 2020 to RISE's lignin plant in Bäckhammar. RISE LignoDemo can produce up to 8 000 t/y of high-quality kraft lignin as a source for biofuels, chemicals and materials. Updates from the LignoCity 2.0 project and RISE Bioeconomy Research Programme will be presented. Whole-day tour with bus trip from Stockholm.

## Venue

Located on the island of Kungsholmen in the Stockholm city centre, Hotel Courtyard by Marriott is situated within walking distance to the city heart. You have the Råambshov park and lake Mälaren across the street. Many public transportation options, including airport shuttle bus, are close by.
